

# Utkarsh Gupta

Backend Developer | B.Tech 3rd Year

## Contact

- Email: utkarsh@example.com
- Location: India

## Summary

- Backend-focused B.Tech student with strong Java and Spring Boot skills, exploring frontend with React.
- I love building real projects and constantly learning. Powered by curiosity and caffeine.

## Skills

- Java, Spring Boot, MySQL
- HTML, CSS, JavaScript
- React (currently learning)
- REST API, MVC architecture

## Projects

- KIA Car Service App - MVC-based registration & support system for cars.
- Movie Booking System - CRUD backend managing movie details with validations.
- MindGarden Tracker - Personal growth landing page with journal, habits, goals.
- Railway Ticket Booking API - RESTful API to create, update, and delete tickets.

## Education

- B.Tech, 3rd Year (Ongoing)
